

Diamond Star Pellets

# Diamond Star Guar

## Premium Tackifier with Dispersant

*Diamond Star Guar is a premium tackifier that cures hydroseeding slurries into a matrix of seed, fertilizer, & fiber mulch preventing washout erosion.*

**Simple field mixing allows you to customize your mulch performance to site conditions & slope gradient**

**Disperses quickly in water preventing lumps**

**Optimal Viscosity Improves pump performance**

**Holds mulch matrix together to prevent erosion**

**Proven performance for 30 years as Hydroseeding glue, straw tackifier, & dust suppressant**

### COMPOSITION

Guar Gum with Dispersant

### ECO SAFE

Natural Ingredients are Safe for the Environment

### PACKAGING

50 Lbs Case - (5), 10# Bags

### Installation

#### HydroSeeding

Mix Diamond Star Guar to machine's capacity, generally up to 25 lbs per 1000 gallons of water. High performance hydroseeding machines are able to spray up to 50 lbs per 1000 gallons of water. Then add seed, mulch, & fertilizer. Contact us to learn how to mix Erosion Control Mulches with Diamond Star Guar.

Slope :	5:1	4:1	3:1	2:1	1:1
Lbs/Acre:	30-60	40-80	50-100	60-120	70-220

#### Straw Tack & Dust Suppression

Mix 40 lbs of Diamond Star Guar per 1000 gallons of water per acre to anchor straw mulch. Use with a bag of Diamond Star Pellet Mulch as visual marker
